He asked the Parish council if they would be in agreement to work with Cornwall Council AONB to seek funding and raising awareness of the site.

One member thanked the council for their support to the objections he had raised regarding the problems he faced with the neighbouring properties boiler installation.

A member outlined the proposals for planning application PA19/00501 and quoted AONBs objections which he felt were based on the wrong policies.

One member raised concern of negotiating Old Road, Dunn Street and Fore Street due to the New Road closure.

Cornwall Councillors report – he had recently met with Cormac about the New Road closure and raised concerns over the actual working times with works starting late and finishing early. He advised that a company can provide high speed broadband via satellite from around £30 per month. A member of the public asked if anything can be done to the pavement outside the Riverside where it drops as people had slipped and suffered injury. He would take the issue away.
